SECURITY AT B'NAI TORAH

We continue to work with law enforcement to remain aware and prepared in the event of any credible security threat in our area. Our team remains vigilant in providing patrols inside and outside the building. Please be patient and cooperative upon entry through the gate and lobby security areas especially during peak traffic times or special events. ID's will be checked for guests who do not have a B'nai Torah car decal and all metal objects must be presented to the guard prior to walking through the metal detectors. All bags and purses are subject to search. B'nai Torah is now a participant in Palm Beach Sheriff's Office (PBSO) House of Worship (HOW), real-time alert program. B'nai Torah is deeply grateful to the Jewish Federation of South Palm Beach County for their generous support through the Community Security Grant, helping us upgrade to the latest security technology. Their partnership plays a vital role in keeping our community safe and secure.

SOUTH PALM BEACH COUNTY The Florence Melton School of Adult Jewish Learning

13 Years of Inspiring Learning

MELTON REGISTRATION NOW OPEN!

Take advantage of this great opportunity to further enrich your Jewish journey through this extraordinary adult learning program. To explore the course schedule and learn about the teachers and various classes offered, visit b tcboca.org/melton.

CLASS OFFERINGS INCLUDE:

Jewish Medical Ethics with Dr. Dan Oren **Mondays at 7:00 pm, Beginning November 2**

Human cloning. Genetic identity. Assisted suicide. Surrogacy. Significant progress – but thorny ethical issues. Modern medical advances can improve and prolong life but also raise dilemmas about its sanctity and dignity – and Judaism has a lot to say about it. This course explores the positive, negative, beneficial, and detrimental aspects of the new technologies in the medical field and the wisdom Judaism offers us in our encounters with them. The course was designed and written by world-renowned medical ethicist, Rabbi Elliot Dorff, PhD (author of *Matters of Life and Death: A Jewish Approach to Modern Medical Ethics*).

Timeless Wisdom with Rabbi David Steinhart **Tuesdays at 10:00 am, Beginning October 13**

Delve into the mysteries of these ancient scrolls as they muse over the meaning of life, describe national suffering, and depict the power of love. In this course, selections of these biblical texts will be examined through the lens of commentaries— ancient and contemporary—as they uncover and untangle the complex and everlasting messages about our relationship to the Divine, Humanity and everyday life.

We the People: The American Jewish Experience with Marion Hirschmann

Thursdays at 10:30 am, Beginning October 8

This course presents the full diversity and complexity of Jewish life in the United States. Across ten lessons, it highlights Sephardi communities, Jewish life beyond major metropolitan centers, and key themes such as antisemitism, racism, food culture, Jewish women's public leadership, and the future of American Jewry.

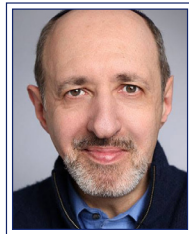

The Meaning of Kadosh - Thursday, September 24 at Noon

Instructor: Rabbi Michael Schorin (In-Person & Zoom)

Kadosh most often is translated as holy, but what does that really mean? We use this word with almost all of our rituals, most of our mitzvot, and throughout the Sabbath. In this class, we will take some time to consider what Kadosh/holy meant in Biblical times, what it has meant throughout the ages, and what it might mean for our present moment. Free to B'nai Torah Members, \$10 for guests.

Register at: btcboca.org/kadosh-class
